Profile

Experienced independent contractor available to create web sites of all kinds. Specializes in creating high-quality content management and e-commerce sites.

Portfolio available at: <http://www.benfredaconsulting.com/portfolio>

Skills

Wordpress, Joomla, Drupal, PHP, mySQL, HTML, CSS, Javascript, Linux

Experience

Owner, Ben Freda Consulting New York, NY 2009-present

Own web consulting business specializing in creating new web sites for organizations and individuals. Projects include: online video channel for nonprofit client, web space including online music player and downloadable tracks for musician client, Drupal upgrade for mobile technology client.

Director of Operations, PICnet, Inc. New York, NY 2008-2009

Ran operations of 14-person web development firm serving the nonprofit community. Evaluated and implemented better internal development and personnel systems, including systems administration and programming clients.

Project Manager, PICnet, Inc. New York, NY 2006-2008

Executed web projects for nonprofit clients. Most projects involved custom development on top of open-source content management system. Projects included: robust event portal for charitable events, new web site for US Congressperson, and new sites and site upgrades for nonprofit clients.

COO and Chief Programmer, AutoWhiz.com Los Gatos, CA 2000-2001

Used PHP and mySQL to create online comparison-shopping search engine for auto parts, which served as primary asset of dot-com company.

Education

Columbia Law School, New York City — Juris Doctor, 2004

Stanford University, Palo Alto, California — Bachelor of Arts, 2000
